

## **Lull Telehandler Part**

Lull Telehandler Parts - Telehandlers by Lull have been supplying load placement precision ever since the year 1959. The Lull telehandler can really help make the job faster and easier, whether the work involves transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are complete together with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. Various optional attachments is available for Lull telehandlers to be able to help finish whichever work.
